#### Coverage Period:

24/7 during rental period

#### What's Not Covered:

Third party liability claims against you.

### WHAT ARE THE BENEFITS?

Covers loss of or damage to rental RV

No need to file a claim with personal insurance

# Zero Damage Plan (ZDP)

When you rent a vehicle from Cruise America or Cruise Canada, you are responsible for any and all loss or damage to the vehicle from any cause regardless of fault to a maximum of \$3,000 per occurrence.

When you purchase our **Zero Damage Plan (ZDP)**—which is not insurance—you are relieved of this financial responsibility for loss or damage, provided that the renter is not in violation of the Rental Agreement (exclusions apply).

## Benefits of Zero Damage Plan:

- Covers all vehicle damage to the rented vehicle, subject to specific exclusions and Rental Agreement compliance.
- No need to file a claim with your personal auto insurance.

**ZDP** does not apply if the renter uses the vehicle in violation of the rental agreement, fails to pay charges, fails to immediately notify us and the police after a loss, or fails to remove keys and lock the vehicle prior to a theft. Additionally, **ZDP** does not cover interior damage regardless of fault, nor does it cover damage caused by striking overhead objects, backing up, freezing vehicle systems, or improper refueling (including using the wrong fuel type or placing fuel in the potable water tank), subject to applicable state or provincial law.

Before deciding whether to purchase **ZDP**, the renter may wish to determine whether their own vehicle insurance provides coverage for rental vehicle damage or loss and determine the amount of deductible under their own insurance policy.

**ZDP** is not insurance.

The purchase of **ZDP** is not mandatory and is optional. You need to accept or decline the plan.

**ZDP** can be purchased for a maximum of 30 days which equals \$748.50.

THE COST OF THE OPTIONAL PLAN IS **\$24.95 PER DAY**.

Effective: April 1, 2026
